PAVANI KARANAM

pavanikaranam249@gmail.com | (+91) 6301955321

@PavaniKaranam /Pavanikaranam

SKILLS

- **Programming Languages :** Python, C
- DBMS , SQL
- Artificial Intelligence
- Machine Learning

EDUCATION

- CSE| Hindu College of Engg, Guntur *CGPA: 7.84* |(Dec'22- *present)*
- XII(BIEAP) | St.Anns Junior College, Guntur *73.2% | 2022*
- X(BSEAP) | Sri Sai Nadha Vidya Peet, Guntur *93.0% | 2020*

INTERSHIPS

Gen AI & Prompt Engineering Intern (DataValley) *(Apr '25 – Jun '25)*

- Developed and fine-tuned AI prompts to generate accurate outputs.
- Implemented prompt optimization techniques to improve AI quality and efficiency.
- Designed and tested AI-driven solutions for content generation and data analysis.

AWS Full Stack Python Intern (Packet prep) *(Apr '24 – Jun'24)*

- Learned the fundamentals of building web applications using Python.
- Gained knowledge on few frontend technologies.
- Learned about simple backend APIs and connecting them to databases.
- Explored basic concepts of user authentication and data handling in web apps.

ACADEMIC PROJECTS

Dragon Fruit Disease Classification Using Machine Learning

- Built an AI-based system to detect and classify diseases in dragon fruit crops using images of leaves and fruits.
- Dataset: Dragon Fruit Image Dataset.
- Techniques & Algorithms: Image Processing, Machine Learning for disease detection, and Feature Extraction.

Speech Emotion Recognition Using MFCCs for Feature Extraction

- Built an **AI-based system** to detect and classify the emotion using the voice recordings
- **Dataset**: RAVDESS.
- **Techniques & Algorithms**: Machine Learning, Deep learning, Sampling Approach

Smart Traffic Management System Using AI

- Built an **AI-based system** to monitor and control traffic lights according to real-time Traffic signals
- **Dataset**: Live traffic camera footage.
- **Techniques & Algorithms**: Image Processing, Machine Learning for traffic density Analysis, and real time Decision

POSITION OF RESPONSIBILITY

Joint Secretary| Service Club , Hindu College of Engg and Tech *(jun'24 – present)*

Organized 50+ events by collaborating with local organizations (trash cleanup, making First-aid kits for donation , social media awareness campaign) from conception to Execution , fortering community engagement and promoting local talent.
